Review Written By Students from Room 20 (Grade 5)

On Thursday, October 24th, 2019, a rapper named Duane Gibson did a presentation about bullying for the kids in grade ones to six. First, Duane explained his experience of being bullied at school and taught us about "HOLLA". The H means help, which is if you need help, ask an adult. The "O" is for outlet which means if you're frustrated do something you like. Duane likes to play basketball or rap. The first "L" stands for lead which means to be like a leader. The second "L" means leave. If you get in the middle of a situation, just leave. The "A" stands for assert which means stand up for yourself!

In the presentation, one of the students from room 20 helped Duane. He played basketball with him and helped demonstrate what to do. We liked the presentation and we think the audience did too because Duane Gibson was very interactive with the audience and he gave out many prizes. Overall, Duane Gibson's presentation "H.O.L.L.A." was great!
