On Thursday, January 25th, 2018, Roseneath Theatre presented the play "Birds of a Feather" to the students in grades 1-4 at our school. The story starts with Sarah and her grandmother going on vacation to Hawaii. Sarah loves bird watching. She meets Violet and they go bird watching together. They decide to use their imagination to tell the story of two female albatrosses who try to hatch an egg.

Albatrosses are special because they are rarely seen, they are really huge with a big wing span, and they do a special dance. They are also special because they have different kinds of families.

We really liked this play. It was funny and everybody laughed. They used a soccer ball for the egg and a bird hatched from it! They had clever props like an egg shaped timer. There were some cool sound effects and visuals. We liked the messages in this play that you should believe in yourself and that all families are different and special. No matter what your family looks like, they love you and you love them. Courage is important for everyone.

We were really happy that Roseneath Theatre visited our school.
