DEAR Parent council, april 28

I Realy liked the play.

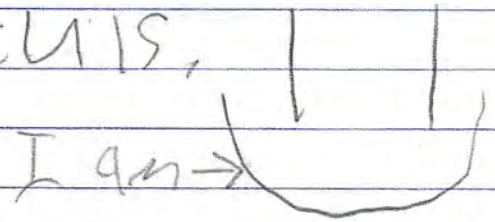

I think you should do more.

You are hireing great acters and

chosing great plays.

Personally I think You should

chose less musicals.

P.S. Would you Please do more bake sales.

Dear Parent Council, April 28 2017

Even though this wasn't the real Hansel and Gretel, I think it was just as good. I think it was just as good because you changed the story up a bit and made so much more funny and less violent lol! Also I loved how you also made it into a opera musical. I would really like to see more performances like this one.

Dear parant counsil, I loved Hanzel and Gretal! It was an amazing musical/opera I want to see more musicals please! The voices and the music were so professional and I almost fell asleep it was so relaxing! I would like next time maybe for the grade 4s, 5s, and 6s to see a Real opera some day! or maybe grade 1 to 6 could see a musical. To improve I would like more plays with when they let you up on stage and act out the play and actually be a star on stage. but anyways I loved the play (as I said) and I hope you get more plays for us thank you all so much for all of the plays and for putting your money into this! thank you!!

Dear parent council

I think it was really good but I think it could've been better if they used the old story. But I still liked it. Also for the next play or musical I think you could do something a bit more interesting and not too kiddie and not super Happy. Also I would like to thank you for every presentation you payed for just to make us happy. I loved every single presentation ☺ including this one.

Thank you for listening

Dear Parent Council,

I think that the play was pretty good and I really inloged it. I liked how they had the cello player playing two different parts. Though next time I think you could leave out as much singing. I think that some of the littler kids where getting a little borad. But from my perspective it was pretty good.

Dear Parent council.

I think the hanzel and grettle was ok but it was sort of childish for grade 4 so if you do it again do it for the grade 1,2 and maye 3. Also next time can it not be a musical. So also if your goin to make it for the grade 4's make it like the romio and juliet play.

Dear parent Council:

I would prefer it if the plays were not a musical. I would also think the grade 4's would want it to be grades 4, 5, and 6, instead of kindergarteens to grade 4.

Review on Hensel + Gretel.

Dear Parent concil.

thanks ~~a~~ again. Thank you for Hesel and Gretel. It was a very Nice presintation. I really liked how they were acting like they were in the forest and when they did stuff. I really liked the toons when they were singing.

THANK YOU VERY MUCH PARENT CONCIL!
